

Special Midterm Exam Schedule - Spring Semester 2022/2023

Day	Date	8:30 - 9:30	10:00 - 11:00	11:30 - 12:30	1:00 - 2:00
Saturday	01-04-23	Data Structures	Logic Design	Artificial Intelligence Fundamental of Economics	Digital Forensics Computational Biology Software Security
Sunday	02-04-23	Math-2 Math-1	Software Process & Quality Management Signals Processing	Computer Networks -2 Bioinformatics Forecasting and Predictive Analytics Business Process Management	Secure Programming Software Testing
Monday	03-04-23	Fundamentals of Management	Software Requirement Analysis Computer Networks -1 Mathimatical Optimization Biochemsitry	Software Maintenance and Evoluation Fundamentals of Cyber Security Computer Graphics	Network Defending Lab Selected Topics in Computational Biology -2 Selected Topics in Software Engineering-2 / Machine Learning
Tuesday	04-04-23	Probability and Statistics-1 Probability and Statistics-2	Software Modeling Intoduction to Data Science	Human Computer Interaction Wireless and Mobile Networks Biological Sequence Analysis Data Visualization Lab	Bioserver Implementation Lab Computation Theory
Wednesday	05-04-23	Marketing and Sales	Math-3 Web Technology	Software Engineering Tools Lab Networks and Web Programming	Network Performace and Evaluation
Thursday	06-04-23	Structured Programming	Introduction to Database Systems Molecular & Cell Biology	Concepts of Programming Languages Selected Labs in Networks-1 Data Mining	Selected Topics in Software Engineering-1 Data Analysis for Genomics Lab
